The Delay in the Arrival of World's Fair Photos

EXPECTED TO COME TO AN END.

Some Idea of the Immense Demand on the Publishers' Resources Given by a Telegram from Them to the Intelligencer Received Yesterday.

The following telegram, received by the Intelligencer last night, will explain itself, and will be of interest to all readers who have sent in their coupons and dimes for the World's Fair Portfolios:

St. Louis, Mo., Dec. 11.

Intelligencer Publishing Company, Wheeling, W. Va.

We have received 809 reams of enameled paper and 1,100 more are due this week. Eighteen presses and two big binderies at work justify the statement that delays will very soon end. All back orders will be mailed in very few days.

This is good news for the Intelligencer as well as its patrons. Some idea of the great demand for the work may be gotten from it. Readers should send in their coupons and dimes at once and be among the early ones on the list.

NEW TRIAL GRANTED.

The Murderer of Officer Murphy Gets Another Chance.

Witnesses testified and arguments were heard by Judge Driggs at St. Clairville yesterday, on the demand made that a new trial be given William Wilson, the slayer of Officer Murphy, of the Martin's Ferry police force, who was last week sentenced to nine years in the Ohio "pen."

Mr. Shay, of Cincinnati, one of the defendant's attorneys, opened with the statement that there had been misconduct on the part of the prosecuting attorney, and Jurymen Nell, Mellett and Junkins. It was alleged that Prosecutor Hollingsworth had "treated" the two latter jurors to intoxicants on Monday evening of last week. Affidavits were presented in support of the assertions. Counter affidavits were also presented. The saloonkeeper testified that Mr. Hollingsworth was in his place Monday evening, when Mellett and Junkins came in, and were asked by the prosecutor "what they would have." Each drank beer. Nothing was said in reference to the trial. The bar-tender testified that Mellett was under the influence of liquor Monday evening.

The charge against Jurymen Nell was that he had said he had made up his mind as to his action. Testimony in support of this was offered. Mr. Hollingsworth said he had bought a bottle of beer at the saloon but that he did not remember having paid for beer for the two jurors.

The judge overruled the motion for a new trial on the charge of misconduct on the part of Nell, and also on the charge of drunkenness by the prosecutor. On the third charge, that Mellett and Junkins were intoxicated during the progress of the trial, the motion was granted, and the verdict in the late trial was therefore set aside. The new trial will be called in Judge Driggs' court in February.

Mr. Hollingsworth is exonerated from charges made against him, the judge holding that his act in "treating" the jurors was a mere casual act, and could not be considered as misconduct on his part.

THE TURNERS ENTERTAIN.

Their Athletic Show and Ball an Immense Success.

The commodious hall of the Wheeling Turn Verein on North Market street was the scene of revelry and enjoyment last evening, the occasion being the first exhibition and ball of the Turners this season.

The Opera House orchestra opened the evening's programme with a well selected overture, which was followed by the active members who performed a grand march on the stage which would have done credit to a military company. They then rendered their waltz exercises, which the fifteen active Turners performed with remarkable skill and dexterity. The horizontal bar and back exercises by the first class were faultless. The duetists, Christopher Schambra and William Sullivan, entertained the spectators with their remarkable fencing, and were never seen to better advantage.

Part two was opened by another overture by the orchestra. Exercises on buckles and parallel bars with a pyramid by active members was the next number on the programme; the pyramid was a striking feature. The second class appeared well in vaulting over the long horse and pyramid, which won new laurels for the young followers of Father Yahn.

The victor of the last contest of club swinging at the National Turnfest at Milwaukee, Mr. Frank Miller, was seen in his eccentric act. This rendition eclipsed all others and was the hit of the evening. He distinguished himself in the remarkable "snake" and many other difficult swings which were introduced by him. Leaping, high jumping and high jumping with brick and pole vaulting was next enacted by the active class with great skill. Mr. Emil Leowhart, who was suffering with a bad arm, distinguished himself in jumping. The second class again appeared and were seen on the oblique ladders. The excellent programme was closed by the merry Turner gymnasium. The floor was then cleared for the ball and a fine programme of the latest dances followed. The light fantastic was tripped until an early hour this morning. The affair was an unmistakable success.

The Modern Mother

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

YE ANCIENT GAME.

Wheeling's Bowlers will Organize a League
To-night.

A great deal of interest is being taken in the organization of the proposed bowling association, and already a number of bowling clubs have applied for admission, who could not be accommodated, as the eight necessary teams have already entered. They represent the following organizations: Wheeling Bowling Club, South Side Bowling Club, Columbia Bowling Club, Intelligencer Bowling Club, The Bowlers, Calumet Club, Wheeling Press Club and Wheeling Athletic Wheelmen. Some of the best bowling talent of the city is represented in these eight teams, and the series of games for the local championship during the winter will be very exciting. The first games will be played next week. Monday evening the Calumet meet the W. A. W. team; Wednesday evening will see the first battle between the Wheeling Bowling Club and The Bowlers, two crack organizations; Thursday evening, Columbia vs. South Side team; Saturday evening, INTELLIGENCER vs. the Press Club team.

At a meeting this evening at the Press Club rooms, over Wheat & Hancher's, a schedule will be adopted for the new organization and other important business transacted. Each team should be represented by one member.

Where Physicians Fail.

Radam's Microbe Killer will certainly do what it is generally believed no living physician can accomplish—that is, it will cure Cancer of the Liver and of the Stomach.

Mrs. LAURA COOPER,
Dowagiac, Mich.

Plain enough—the way to a clear complexion, free from blotches, pimples, eruptions, yellow spots, and roughness. Purify your blood, and you have it. With pure, rich blood, an active liver, good appetite and digestion, the hue of health follows.

Dr. Pierce's Golden Medical Discovery gives you all of them. It is the blood-purifier. There's no lack of it, but there's none like this. It's guaranteed to accomplish all that's claimed for it. In all diseases arising from torpid liver and impure blood, it benefits or cures, or the money is refunded. With an ordinary medicine, it couldn't be done. But this isn't an ordinary medicine.

It is the cheapest blood-purifier sold, through druggists, because you only pay for the good you get.

Can you ask more?

The "Discovery" acts equally well all the year round.

That's the kind of medicine to try.

STAR CLOTHING HOUSE—D. GUNDLING & CO.

IT'S FUNNY

How deceptive some words are. Take a blackberry, when it's green
it's red. A well re-aid man may be white, and some of the whitest
kind of men are colored men. The man that waits on you don't
wait—you do the waiting. You hear of people turning green with
envy, or blue on account of bad business, but they don't change color
a bit. Take it in business—it's that same way. You buy all-wool
goods and find cotton in them. You buy linen bosom shirts that
have Lonsdale cambric bosoms. That's not

HOW WE DO IT,

however. When we sell goods for all wool, there's nothing but wool
in them. When we sell Woollen Underwear, they are all wool, and
so on through the entire line. We've found that good old honesty
pays. People are more apt to come back again if they find things
better than we told them. We're selling some strictly All-Wool
Suits at \$8 00! Cost us more, but we want to move them!
True, we're selling higher ones, too, but we're devoting a good deal
of attention to SUITS FOR THE MASSES. There are more men
hard up this year than last. You may not think it,

BUT WE DO!
